

Endoscopic Instruments

SUCTION ELEVATOR

SUCTION ROUND KNIVES

1.0mm Ø

1.5mm Ø

SUCTION ADAPTER

360°

SUCTION DISSECTORS

45°

90°

110°

Ear Drum

Sinus Tympani

Developed to meet the unique instrument needs of endoscopic ear surgery

- integrated suction and dissection to perform both simultaneously
- suction adapter rotates 360° to maximize free range of motion

999-101	Rivas Suction Elevator
999-102	Suction Round Knife, 1.0mm Ø
999-103	Suction Round Knife, 1.5mm Ø
999-104	Suction Dissector, Angled 45°
999-105	Suction Dissector, Angled 90°
999-106	Suction Dissector, Angled 110°
999-107	Suction Dissector for Ear Drum
999-108	Suction Dissector for Sinus Tympani
999-199	Sterilization Tray
10-851-00	Suction Adapter, Rotatable 360°

Designed in conjunction with members of the International Working Group of Endoscopic Ear Surgery (IWGEES)
Alejandro A. Rivas, MD, Vanderbilt University, Nashville, TN
João F. Nogueira, MD, Universidade Estadual do Ceará, Fortaleza, Brazil
Ken Kazahaya, MD, MBA, Children's Hospital of Philadelphia, Philadelphia, PA
